City of Demonstration

Annual Drinking Water Quality Report

Your water meets or exceeds all federal and state standards

The City tested for more than 90 regulated and unregulated substances during the year. No violations were recorded.

Source

Demonstration draws water from three groundwater wells in the Riverside aquifer, treated at the Water Treatment Plant on Industrial Drive.

Detected substances (sample values)

Nitrate 2.1 mg/L (limit 10) | Fluoride 0.7 mg/L (limit 4) | Total trihalomethanes 18 ppb (limit 80) | Lead 90th percentile 2 ppb (action level 15)

Lead service lines

The City completed its service line inventory. Residents can look up their address or request a free lead test by calling (555) 010-0180.
